

Tell me babe, you wanna leave this town?
I'm saying, "Love you, if you wanna go, I'm down"
'Cause darling we were made for bigger things
This place keeps killing our dreams

Let's go, love, I'm saying if you're tired
Of waiting, we can leave this whole place behind, yeah
Let's go, love, I'm saying if you're tired
Of waiting, we can leave this whole place behind

Let's go
Behind
Whole place behind, yeah

Let's go, love, I'm saying if you're tired
Of waiting, we can leave this whole place behind, yeah
Let's go, love, I'm saying if you're tired
Of waiting, we can leave this whole place behind

Let's go, love, I'm saying if you're tired
Of waiting, we can leave this whole place behind

Let's go
Behind
Whole place behind, yeah

Behind
Let's go
Behind

Let's go, love, I'm saying if you're tired
Of waiting, we can leave this whole place behind, yeah
Let's go, love, I'm saying if you're tired
Of waiting, we can leave this whole place behind
