

## Just Dance

Pegboard Nerds

My heart is jumpin', get on that beat  
My heart is pumpin', get on your feet  
Let your body move  
Let your body move  
Let your body move, yeah  
My heart is jumpin', get on that beat  
My heart is pumpin', get on your feet  
Let your body move  
Let your body move  
Let your body move, yeah

Just get on your feet, get up and dance

Get-get-get-get on the-  
My heart is pumpin', get on your feet

My heart is pumpin', get on your feet

Get on your feet, just get on your feet  
Get on your feet, just get up and dance  
Get on your feet, just get on your feet  
Get on your feet, just get up and dance

Get on your feet, just get up and dance

My heart is pumping, get on your feet  
My heart is pumping, get on your feet

Just dance, just dance  
You better let your body go right now  
Just dance, just dance

My heart is jumpin', get on that beat  
My heart is pumpin', get on your feet  
Let your body move  
Let your body move  
Let your body move, yeah

Get on your feet, just get up and dance

Get-get-get-get  
Get up and dance

My heart is pumping, get on your feet

My heart is pumping, get on your feet
