

# Just Like That

Pegboard Nerds

Good morning, eyes open  
I can see the light shining through  
Good morning, blinds open  
I'm coming home to you

Soft with the weather  
Cool with the breeze  
Flip through the pages of reality  
Float like a feather out to the sea  
Roam like a lion living wild and free

Just like that snap my fingers  
Just like that dreams get bigger  
Just like that paint a picture  
Just like that (just like that)  
Just like (just like)

Cause what you want  
You'll have it just like  
Just like that, just like that, just like that, just like  
Anything you want you can have it  
Whatever you need you can grab it  
Just like  
Anything you want you can have it  
Whatever you need, what you need

Good evening, eyes closing  
We can see the star shining through  
Good evening, blinds closing  
It's just me and you

Soft with the weather  
Cool with the breeze  
Flip through the pages of reality  
Float like a feather out to the sea  
Roam like a lion living wild and free

Just like that snap my fingers  
Just like that dreams get bigger  
Just like that paint a picture  
Just like that (just like that)  
Just like (just like)
