

Last Words

Pegboard Nerds

If I never see you again
How do my last words come out
Can I say I love you now
Ooh yeah, ooh yeah
If I never see you again
My last words flow out my mouth
Should I say I love you now
Or is it too late

Is it too late for me
Said am I, am I
Is it too late oh

One last time
Can we, last the night
If we, say goodbye
There is, no turning, no turning back
All my life
I've been, chasing signs
You were, hard to find
There is, no turning, no turning back

Is it too, is it too
Am I, am I
Is it too, is it too
Am I, am I, am I, am I

One day, one hour
Too late, no power
You made your decision
Is it too late to change
One day, just see you soon
Too late, don't miss it
You made your decision
Is it too late to change

If I never see you again
How do my last words come out
Can I say I love you now
Ooh yeah, ooh yeah
If I never see you again
My last words flow out my mouth
Should I say I love you now
Or is it too late

Is it too late for me
Said am I, am I
Is it too late oh
