

Solo

Pegboard Nerds

I'm solo
Never thought I could feel so low
Never knew how low you could go
So where are you, where are you?
Where are you, where are you?

Breathing instead of walking
Because it feels like every day I'm drowning
Close my eyes and pray I can fly
Got me falling from the highest mountain

And I can't swim
Without a float
And you keep pushing me down under
Now I'm touching the ocean floor
I was right by your side
When you needed me the most
Where are you now, I don't feel you
Caught in the tidal wave
Pulling me underneath
Feels like I'm blind, I don't see you

I'm solo
Never thought I could feel so low
Never knew how low you could go
So where are you, where are you?
Where are you, where are you?
I'm solo

Take my time while I can
'Cause if I rush I know I'll end up regretting
Just like quicksand, I keep sinking deeper in
And it feels like this battle's never-ending

And I can't swim
Without a float
And you keep pushing me down under
Now I'm touching the ocean floor
I was right by your side
When you needed me the most
Where are you now, I don't feel you
Caught in the tidal wave
Pulling me underneath
Feels like I'm blind, I don't see you

I'm solo
Never thought I could feel so low
Never knew how low you could go
So where are you, where are you?
Where are you, where are you?
I'm solo
Never thought I could feel so low
Never knew how low you could go
So where are you, where are you?
Where are you, where are you?
I'm solo
Yeah, I'm solo

I'm solo
Never thought I could feel so low
Never knew how low you could go
So where are you, where are you?
Where are you, where are you?
Yeah, I'm solo
Yeah, I'm solo
