

# We Are One

Pegboard Nerds

Rockin' to the daylight, I'll show you how it's done  
Right, Pegboard Nerds on the beat, and give me one mic  
One Asian, one Latin, and one white  
Girl, with a couple of bottles, yeah that's a fun night

Hah, yeah we are one, when the club shuts down, nah we ain't do  
ne  
You can tell by the ink, where we are from  
Copenhagen to Vegas, we're in a race with the sun

You know I'm tryin' to win it, I push myself to the limit  
A couple shots of patron, and a couple bottles of Guinness.

We goin' hard to the finish, finishin' hard on the fittest  
Raisin' a toast to the sky, so rise it up from a distance  
And to my people all here for the same reason  
When you hear the beat drop, and your hearts beatin'

For the hands in the air, and the girls screamin'  
And everybody in the clouds, that never stop dreamin'  
Let's go

We be rockin' to the sun, why don't ya come, why don't ya come  
get some? [x4]

We be rockin' to the sun!

We are one [x2]

We be rockin' to the sun! [x2]

We are one

We be rockin' to the sun, why don't ya come, why don't ya come  
get some?

We be rockin' to the sun!

We are one

We be rockin' to the sun, why don't ya come, why don't ya come  
get some? [x3]

We be rockin' to the sun!

We are one [x2]

We be rockin' to the sun, why don't ya come, why don't ya come

get some? [x4]
