

# Amazing

**Peggy Lee**

Amazing, amazing, it all seems just amazing  
We danced once, I kissed you  
And now I can't resist you  
Amazing, amazing, your magic is amazing  
It's you now I cried for  
It's you who I would die for

Who knew that you could brighten all my days  
Who knew one kiss from you could set my soul ablaze

Amazing, amazing, it's wonderful and amazing  
That I stand before you  
And helplessly adore you  
Amazing, amazing
