

Dance Only with Me

Peggy Lee

Dance, dance, only with me,
only with me near your heart
dance, dance, cling close to me,
never to part!

Love, love, love only me,
all of our days from now on
dance only with me
'till al our sweet music is gone!

Love, love, love only me,
all of our days from now on
dance only with me
'till al our sweet music is gone!

. . . 'till al our sweet music is gone!
