

## I Don't Wanna Leave You Now

Peggy Lee

Though it's time to go, I don't wanna leave you now  
Leave you no way, no how  
No, I don't wanna leave you now

Yes I packed a bag, that's the way you're supposed to do  
When you go, when you're through  
But I don't like this leaving you

Even if you treat me like a loaf of day-old bread  
And even if you beat me, I'd rather stay with you instead

Tell me, honey love, can I set this suitcase down  
Lose it someday, somehow  
Cause I don't wanna leave you now

Yes and even if you treat me like a loaf of day-old bread  
And even if you beat me, I'd rather stay with you instead  
'Stead of going

Tell me, honey love, can I set this suitcase down  
Lose it someday, somehow  
Cause I don't wanna leave you now
