

I Got a Man

Peggy Lee

Well, something's new
Sometimes I get a little worried
But I'm gonna tell you everything's alright now
Yeah, because I got a man now
Well, he's good to me, he's good to me
I got a man now, well tellin' ya
He's good to me, oh yes he is now
He gives me money when I'm in need
Oh he's a kind of a friend indeed
Yes I got a man now, well tellin' ya
He's good to me, he's good to me
He say "I love you" now, early in the morning now
He's good to me, he's good to me
He say "I love you" now, early in the morning now
He's good to me, oh yes he is now
He say "you love me tenderly"
Oh, I love him now, tenderly
Yes I got a man now, well tellin' ya
He's good to me, he's good to me

He better love me, both day and night
Never comes with the fusses, most treats me right
Never runs in the streets at night, leave me alone
He knows his place now right here in his home

So I got a man now, well tellin' ya
He's good to me, he's good to me
Yes I got a man now, well tellin' ya
He's good to me, oh yes he is now
He gives me money when I'm in need
Oh he's a kind of a friend indeed

I know, yeah I know now, I got a man now
He's my man now, he's alright now
He's my lover man, he's alright now
Yeah I got a man now
Yes I got a man now, well tellin' ya
He's good to me, he's good to me
He's good, he's good, he's good, he's good
