

Loads of Love

Peggy Lee

I never have been handed much
I never have demanded much
I just want money, a nice position
And loads of lovely love

I never have expected much
I never have rejected much
I want my dinner, some conversation
And loads of lovely love

The dumb ones go for quantity
The wise ones go for quality
I've got the answer now
It's not how much, it's how
I do not ask for bliss, I guess
It all boils down to this, I guess
I just want money and then some money
And loads of lovely love

I want my dinner, some conversation
And loads of lovely love

The dumb ones go for quantity
The wise ones go for quality
I've got the answer now
It's not how much, it's how
I do not ask for bliss, I guess
It all boils down to this, I guess
I just want money and then some money
Gimme some money, I like that money
I want some money and then some more money
And loads of lovely love
