

## Trapped (In The Web Of Love)

Peggy Lee

Love's the big game hunter  
Who held a poison dart  
I was game and you took aim and struck me to my heart

Now I'm trapped in the web of love  
Trapped in the web of love  
Trapped  
I'm trapped, I'm trapped in the web of love

Love's a big witch doctor  
Who stirred a brew for me  
I took sips from your sweet lips and now I can't get free

'Cause I'm trapped in the web of love  
I'm trapped in the web of love  
Ooh I'm trapped  
I'm trapped in the web of love

Like a bird in a cage  
Flapping its wings in rage  
I can't fly away  
Clipped my wings I've got to stay

Love's a big black cobra  
That rears its ugly head  
Got me hung with honey tongue, I wish that I were dead

Now I'm trapped in the web of love  
Trapped in the web of love  
Cut me down to size  
With great big loving eyes  
Trapped in the web of love
