

Sugar

Peking Duk

Sugar lips on you, sugar lips on me
Sugar lips on you, sugar

Talk to me
I'm waitin' for a ride outside
Baby, when you're close to me
I don't wanna waste your time

I wanna feel you on the big nights and the long drives
I wanna know it's feelin' right
Wanna be with you in the sweet lights and the moonlight
Wanna be right there by your side
Yeah, I need you now

You're like sugar to me
You're like sugar, honey
You're like sugar to me
Yeah, I need you now
You're like sugar to me
You're like sugar, honey
You're like sugar to me
Yeah, I need you now

Walk with me
I'll take you to the candy aisle
Baby, could you talk to me
I'm sick of tryna read your mind

I wanna feel you on the big nights and the long drives
I wanna know it's feelin' right
Wanna be with you in the sweet lights and the moonlight
Wanna be right there by your side
Yeah, I need you now

You're like sugar to me
You're like sugar, honey
You're like sugar to me
Yeah, I need you now
You're like sugar to me
You're like sugar, honey
You're like sugar to me

Sugar lips on you, sugar lips on me
Sugar lips on you, sugar
Yeah, I need you now

You're like sugar to me
You're like sugar, honey
You're like sugar to me
Yeah, I need you now
You're like sugar to me
You're like sugar, honey
You're like sugar to me
Yeah, I need you now

Sugar lips on you, sugar
(You're like sugar, honey)

Sugar lips on you, sugar
(Yeah, I need you now)
Sugar lips on you, sugar
(You're like sugar, honey)
Sugar lips on you, sugar
Yeah, I need you now
