

Easy

Pell

Don't make it easy
Try to block my shot girl play some defense
Don't need a reason
To catch me if I'm falling off the deep end
Would you catch me if I'm falling?
Only call me when I'm balling
Only check on me
When you see me spend that check
Out in New Orleans
Don't need a reason
When both of us are falling off the deep end

She want chanel go get it
But my cash ain't wiiddit
Gimme lil space like stennis
Won't play no game like tennis
Shorty independent
Buy your own ticket
Showing them titties
On your late night visits
Wanting me slide
And you I'm widdit
We just being human
But I think that it's too much
Deserve to be a boss
Call me when you off on Tuesday
I'll be on call
Dust them feelings off
If it's not involved
Then go head and brush me off

Don't make it easy
Try to block my shot girl play some defense
Don't need a reason
To catch me if I'm falling off the deep end
Would you catch me if I'm falling?
Only call me when I'm balling
Only check on me
When you see me spend that check
Out in New Orleans
Don't need a reason
When both of us are falling off the deep end

She want big dawg status
She want a house that's a palace
She want the rock with the karats
Shop out in Paris
Only time she tripping is to Bali
But how u do that shit
I'm confused n shit
Is it that nigga that u don't show
That's probably taking all of ya pics
Oh
Showing all that ass on the gram when u sitting by the pool
I like that shit
Might wife that shit
Tonight and shit but

But tomorrow gotta split
Girl I know I ain't shit
But at least I'm on my shit
U always hittin me when u bored and shit

Don't make it easy
Try to block my shot girl play some defense
Don't need a reason
To catch me if I'm falling off the deep end
Would you catch me if I'm falling?
Only call me when I'm balling
Only check on me
When you see me spend that check
Out in New Orleans
Don't need a reason
When both of us are falling off the deep end
