

# House Call

Pell

Girl I fuck ya like you're about to pay my rent  
Don't you let me get evicted  
Since I met you life started making sense  
Good to know  
That I'm not crazy  
You could be my next one  
You could be my next one  
I don't want forever  
But you could be my next one  
You could be my next one  
You could be my next one  
It's a date I'm on my way

Jump  
Right in that car  
Long distance ain't far  
When you know what you want  
Playing doctor so I'm down to make a house call  
I  
Jump  
Right in that car  
Long distance ain't far  
When you know what you want  
Playing doctor so I'm down to make a house call

Girl I've loved you since we met at lock and key  
But you moved some miles away  
So I hit that Google flight to pay a fee  
Good to know time was not wasted  
Layover in Texas  
I'm gone catch the next one  
I ain't really stressing  
I'm gone catch the next one  
I ain't really stressing  
I'm gone catch the next one  
It's a date I'm my way, I

Jump  
Right in that seat  
30,000 ft  
Til I see your wings  
So angelic thanking god I made a house call  
I  
Jump  
Right in that seat  
30,000 ft  
Til I see your wings  
So angelic thanking god I made a house call
