Yep, that feel good

Ooooooh My mind ain't never seem so fly yeah
Ooooooh To the top, Imma climb the tallest mountain yeah
Ooooooh Through the struggle, I'mma keep on strivin', yeah
Ooooooh To the top, Imma climb the tallest mountain yeah

Money is a sword and the pain cuts deep
Let my heart spill, I bleed on beat
Run that bullshit to the bull's pit's speak
Pussy vegens, catch allergens from the beef
Look at me! Only been cool a few weeks
And they made the throw salt cause they think I'm fresh meat
Cooler than my truck tryna find fresh V
Cause my phone lack service T-mobile sucks D
Never gettin' caught, but that's fine by me
I can barely keep up with my own ID
But I guess I don't need it
Just as long as my homies know that I ain't leavin'
Got a couple dreams so I gotta keep reachin'
Gotta spit crack, gotta keep preachin'
Doo rags whack and the mo-heads' fiendin'
For a reincarnation, the kreation
I'm ghost

So high, I'm off the ground, I'm lost and never found
These muthafuckas don't know about shit
So high, I'm off the ground, I'm lost and never found
These muthafuckas don't know about me

Ooooooh My mind ain't never seem so fly yeah
Ooooooh To the top, Imma climb the tallest mountain yeah
Ooooooh Through the struggle, I'mma keep on strivin', yeah
Ooooooh To the top, Imma climb the tallest mountain yeah

Only going mainstream when I'm swimming with celebrities [?]
Never fuck with coppas but they know the boy arrested G's
I'm cookin' up crack
Now the haters want the recipe
Before I let them sell me dreams, I tell they wife; 'invest in me'
Why the hell she sexing me?
See you 'round camp does that mean
Still the only rapper that begs for sex
Constant reminders I ain't dead yet
It's 2014 and I ain't there yet
So I pop my bottles to protect my set
Asking God questions like why I still flex?
I ain't tryin' fight it, I'm just showing who's next mother fucker

So high, I'm off the ground, I'm lost and never found
These muthafuckas don't know about shit
So high, I'm off the ground, I'm lost and never found
These muthafuckas don't know about me
