

## Look at Lolly

Pell

I'm fuck tired of the world taking New Orleans' fuck sound and not giving New Orleans they fuck credit. If you gon take our fuck sound, at least give fuck credit... at least put people fuck on. At least give fuck New Orleans a fuck voice, since y'all love our fuck shit so fuck much. Then y'all be sounding fuck stupid, with that old ass before Katrina ass motherfuckin' music y'all be fuck sampling. Like get it the fuck together. If y'all wanna use our shit, show fuck love.
