

This ain't the intro  
Still what you here for  
Pain on my in-soles  
Been running through goals  
Got drive, got drive, got drive  
You can keep the pinto  
Alive, alive, alive  
Ever since we seen growth  
This ain't the intro  
Still what you here for  
Pain on my in-soles  
Been running through goals  
Got drive, got drive, got drive  
You can keep the pinto  
Alive, alive, alive  
Ever since we been grown

My first car was an element  
And I'm still in mine  
Drive to work 8:35  
AM on my sleepy side  
Tell my boss I'm drunk and high  
So fuck another 9 to 5  
Need another sandwich artist  
Subway Pell done just retired  
Got a show tonight  
HOB or die  
Next week I'm on airplanes, high  
Catching red eyes, no surprise  
When I saw my first tour through my ride  
Focused on one direction  
Rap game Harry Styles  
It's all good  
When it's all bad  
And I'm [\*bleep\*]  
If she all bad  
If I'm losing time then I fall back  
Least I'm honest enough to know what I need

This ain't the intro  
Still what you here for  
Pain on my in-soles  
Been running through goals  
Got drive, got drive, got drive  
You can keep the pinto  
Alive, alive, alive  
Ever since we seen growth  
This ain't the intro  
Still what you here for  
Pain on my in-soles  
Been running through goals  
Got drive, got drive, got drive  
You can keep the pinto  
Alive, alive, alive  
Ever since we been grown

My second car was a Nissan coupe

Ole girl crashed that bitch  
Tell her we still cool though  
If she hear this share a laugh with me  
Drove that shit to Hampton  
Chasing light skins with a salary  
No flattery, my brother ran that shit  
So they came after me  
Drove back to the crib  
With papa there I lived  
And parked it for a day like this  
The window to my dreams  
Was unlocked since a teen  
So now I don't gotta lane switch  
And now babe it's all good  
When it's all bad  
And it's all love  
That's what you call that  
I ain't losing time I can't fall back  
And I'm honest enough to know who I'll be

This ain't the intro  
Still what you here for  
Pain on my in-soles  
Been running through goals  
Got drive, got drive, got drive  
You can keep the pinto  
Alive, alive, alive  
Ever since we seen growth  
This ain't the intro

Got drive, got drive, got drive
