Pass By

Pell

Oh, oh, oh, woah, oh, yeah
Just let it pass by, yeah

I know, I know, I know, I know, I know
You shouldn't say more than hello, to me, yeah, yeah
Might as well let it pass by, let it pass by, ooh shit, uh
Might as well let it pass by, see ya

I know, I know, I know, I know, I know
You shouldn't say more than hello, to me, yeah, yeah
Might as well let it pass by, let it pass by, ooh shit, uh
Might as well let it pass by

Let it pass by, cigarette ash on your thigh
Chain smoke just to feel nice, ash that fire
When I'm on the road and you hit my phone but I'm busy all night
Why do we try?
Better in your heart than your mind
All the time, in the middle feel right
Why do we try?
Knowing that I'm really on bull
When I try to entertain this life
Let it pass by, see me doing well on the 'Gram
Send a pic knowing I can't reply
Hit the speed dial, you don't wanna feel alone
But I can't help you tonight
Let it pass by, we don't have all the right cards
Still we gotta play these ones right
Let it pass by, we ain't never had the right time
If you see me out let me live life

I know, I know, I know, I know, I know
You shouldn't say more than hello, to me, yeah, yeah
Might as well let it pass by, let it pass by, ooh shit, uh
Might as well let it pass by, see ya

I know, I know, I know, I know, I know
You shouldn't say more than hello, to me, yeah, yeah
Might as well let it pass by, let it pass by, ooh shit, uh
Might as well let it pass by

Let it pass by
Never really no gave fuck 'til your ass came 'round my way
Out in NY
Acting like I really want space but I'm really tryna keep us safe
Roll so damn hard almost burned out
Felt guilt so long almost fell out
Loved all of my songs 'til my dreams came true
All without you what we do now?

I know, I know, I know, I know, I know
You shouldn't say more than hello, to me, yeah, yeah
Might as well let it pass by, let it pass by, ooh shit, uh
Might as well let it pass by, see ya

I know, I know, I know, I know, I know
You shouldn't say more than hello, to me, yeah, yeah

Might as well let it pass by, let it pass by, ooh shit, uh
Might as well let it pass by
