

# Show Me

Pell

Show me (show me)  
We don't need to talk  
I'm indebted to your thighs  
Watch me work it off  
I might have to slide before I'm too involved  
Ima hit it twice while you in my car  
Show me (show me)  
We don't need to talk  
I'm indebted to your thighs  
Watch me work it off  
I might have to slide before I'm too involved  
Ima hit it twice while you in my car

I wanna gamble like Vegas  
But we met in Reno if I'm not mistaken  
I met you through paper  
Ain't mad I'm just saying  
I followed your lead and your pretty ass cadence  
So player like Gators  
Not from bed stub but your glow is the biggest  
My faith in your matrix  
You is the one  
Imma respect you but let's have some fun  
Got my own drink, in my cup  
I'm out here Pell raising  
Tired of patience  
Let's go to my basement  
It's really my room  
Ain't mad I'm just saying  
I followed your Steez  
Fell in love with your fragrance  
Let's hop in my car, let me play with that taste  
Might do a donut cause it feel amazing  
Skirt off before I go chasing  
And calling you baby  
Maybe lady

Show me (show me)  
We don't need to talk  
I'm indebted to your thighs  
Watch me work it off  
I might have to slide before I'm too involved  
Ima hit it twice while you in my car  
Show me (show me)  
We don't need to talk  
I'm indebted to your thighs  
Watch me work it off  
I might have to slide before I'm too involved  
Ima hit it twice while you in my car

Show me love, show me touch  
Show me anything that shows you give a fuck and I'll show you anything you want  
And I'll show you anything you want, oh ohh  
Show me love, show me touch  
Show me anything that shows you give a fuck and I'll show you anything you want

And I'll show you anything you want, oh ohh

Show me (show me)  
We don't need to talk  
I'm indebted to your thighs  
Watch me work it off  
I might have to slide before I'm too involved  
Ima hit it twice while you in my car  
Show me (show me)  
We don't need to talk  
I'm indebted to your thighs  
Watch me work it off
