Pell

Sip, sip, sippin' all day  
Sip, sip, sip, sippin' all day  
Sip, sip, sip, sippin' all day  
Sip, sip, sip, sippin' all day, all day  
Let's have a toast  
Let's do the most  
Another pour  
Don't care where it goes  
Let's have a toast  
Another pour  
And while you're getting throwed  
Play this on your radio, alright

They don't want none  
Preaching to choirs that hate on the sun  
Look at em shining, my halo is love  
Looking religious when we throw it up  
Lookin' above  
Take em to church  
When I commune with my niggas for brunch  
See all my teeth when we toasting  
My life as sweet as mimosas  
I'm posted  
They don't want none  
Make em believers when Pelly pull up  
All about timing so watch me show love  
Looking religious when we throw it up  
Looking above  
Take em to church  
Always got service inside of the club  
See all my teeth when we toasting  
My life as sweet as mimosas  
I'm posted  
Popping another one  
Taking it down waiter fill it up  
Making my rounds when I down a cup  
Out with my rounds and I'm kinda drunk  
I'm putting my middles up  
Telling em fuck it we having fun  
Hate be the villain I've had enough  
So I think I'll have one more

Sip, sip, sippin' all day  
Sip, sip, sip, sippin' all day  
Sip, sip, sip, sippin' all day  
Sip, sip, sip, sippin' all day, all day  
Let's have a toast  
Let's do the most  
Another pour  
Don't care where it goes  
Let's have a toast  
Another pour  
And while you're getting throwed  
Play this on your radio, alright

Sipping on 40z  
Smoking done fucked up my cardio

You know that niggas on Dusse  
Leave that Bacardi back at ya home  
No I don't fuck with the Styrofoam  
But I got brothers to lean on  
Play Bill Withers feel like Christmas  
Lovely day to get thrower  
Amigos a mi home  
And we ball, no free-throw  
Doing commercials from these verses  
Stanzas ain't for free though  
And we know  
Them checks gone come just roll slow  
Ain't no need to hydroplane as we let it all pour  
Shorty tryna take a shot  
Just to let her past go  
I ain't calling her a thot  
But I bet that ass go  
I ain't claiming we on top  
But the view is looking close  
We don't question where we headed  
Cause we on the right road  
Let it, pour

Sip, sip, sippin' all day  
Sip, sip, sip, sippin' all day  
Sip, sip, sip, sippin' all day  
Sip, sip, sip, sippin' all day, all day  
Let's have a toast  
Let's do the most  
Another pour  
Don't care where it goes  
Let's have a toast  
Another pour  
And while you're getting throwed  
Play this on your radio, alright
