

So Cold

Pell

It's cold
So cold
So cold
Can you let me inside
Can you let me inside

Love sucks when your lonely
Feel like you don't even know me
We been fighting since the morning
I keep talking
But you just drown me out
Now we falling out
Drove me too crazy just to turn around
Got some things we should talk about

It's cold
So cold
So cold
Can you let me inside
Can you let me inside

I been far from home trying get this shit popping
Been a rolling stone no brakes can't stop me
Never hit my phone but I know that you been watching
And you thinking bout, who I'm dreaming bout
Love your ass to death, but don't put me in the coffin
Needed space to breathe, I just need a little oxygen
But when I get back, hope you hear a brother knocking
I'm tapping loud, can you hear me now

It's cold
So cold
So cold
Can you let me inside
Can you let me inside (let me)

Said goodbye
I was wrong, I was wrong
I was wrong
I realize
Can't let go
Can't let go
It's so cold
So cold
So cold
So cold
So cold
Can you let me inside?

It's cold
So cold
So cold
Can you let me inside
Can you let me inside (let me)
