

Take Time

Pell

Need to cut back on the weed
Too many snakes in the grass
Too many hearts gotta bleed
For the times I believed
That they had the boy back
Sold me they lies
Had to send that shit back
I ain't that bitter just better
Bitch look where we at
My brother 3m how he shining
I'm independent no webbie, we got it
Seen brothers get out the deal
And lack all they appeal
Trust me I know it feel
When none of this shit even real

Stayed on the mission
It's god plan
I'll be hot damn
If the gun jam
Gotta take a shot
Call of duty stance
Talking to my moms
She say stay the course

Some things take time
You can't rush it all
Please don't rush at all
Please don't rush at all
Things change that's fine
Just fly until you fall
But please don't rush it all
Please don't rush at all

Some things take time
You can't rush it all
Please don't rush at all
Please don't rush at all
Things change that's fine
Just fly until you fall
But please don't rush it all
Please don't rush at all

I keep rolling
OG for the bullshit
If wasn't for my OG
I'd've emptied out a full clip
Ballin with the home team
Same ones that I been cool with and
Thank god cause they fuel me
On the days when I really ain't movin
Still no class
He truent
Cash over ass

See You must got

La kr3wcial confused
With some other...
