

## What Is Love?

Pell

It's late at night  
When you call  
I see it all  
I see it all, yeah, yeah  
I see it all, yeah, yeah  
Yeah, ah

When was the last time  
That you cared about what you said?  
I was on my grind, you was in my bed  
Running through my thoughts, you was in my head, ah, ah  
Now it's the last time  
That you need me right there  
Doing all them things that we say on text  
But I know tomorrow I'll be gone again

Anytime you call me up, I wanna see  
What is love? What is love?  
Anytime you call me up, I wanna see  
What is love? What is love? Oh yeah yeah

You say you want me  
But you don't want the life I live  
You ain't satisfied, what I gotta give  
I'm not tryna go through all that again, no  
I think I need you  
But this back and forth, I don't need  
If you not really tryna ride, boy don't lie to me  
There's a million other places that I could be

But anytime you call me up, I wanna see  
What is love? What is love?  
Anytime you call me up, I'll be right there, I wanna see  
What is love? What is love? Oh yeah yeah
