## Pendulum

**Em**

I was running out into the cold light

**Em**

Wondering where to go

**C D Em D**

To run away without you

**Em**

All my fear is coming home

**Em**

And it's ripped out from the soul

**C D**

You can't be me

**Em D Em**

I will become you tonight

**Em**

I was wandering under black skies

**Em**

Watching at what is mine

**C D Em D**

No control left to lose

**Em**

Well, I thought that it wouldn't face me

**Em**

But I'm worrying like a child

**C D**

I feel so guilty

**Em D Em**

I'll make it up to you tonight

**C**

**D**

**Em**

Pictures that I've been dreaming are coming down

**C D Em**

They're changing my future

**C**

**D**

**Em**

Visions I had buried underground

**C D Em**

Returning to the future

**Em**

I was breaking out of my own skin

**Em**

Choking upon release

**C D Em D**

I'm in no state to judge you

**Em**

Scratching itches best left alone

**Em**

Chasing memories I used to own

**C D Em D Em**

I can't wait till this is over tonight

**C**

**D**

**Em**

Pictures that I've been dreaming are coming down

**C D Em**
