

# Under the Waves

Pendulum

I was still as the water  
the poor visions are broken  
head caught in the tides  
cruel as the ocean  
dreams i've made in the distance  
I will not be among them  
silence is killing me  
took it all and touched the ground [echoes]

I am deep in a river  
waves above my head  
held with no spirit  
we descend  
we reach the end

I am deep in a river  
waves above my head  
held with no spirit  
we descend  
we reach the end

I am deep in a river  
waves above my head  
held with no spirit  
we descend  
we reach the end

we descend  
we reach the end
