

Creature

Penny & Sparrow

All I know is in sleep
I can taste and feel meek
Life alone makes me shake
If I die before I wake

Every drop that I bleed
Is a gift you give me
Let me spend my skin on you
Kiss me, whisper, make me new

I'm a creature for your love
I'm a creature for your love
I'm a creature for your love
I'm a creature for your love

On the day I come home
I look at you and your throne
Every joy I've seen is waste
When I touch your gorgeous face

Oooh

I'm a creature for your love
I'm a creature for your love
I'm a creature for your love
I'm a creature for your love
I'm a creature for your love
I'm a creature for your love
I'm a creature for your love
I'm a creature for your love
