

## Slaves

Penny & Sparrow

Come out tonight, come out tonight  
He's the only one who's bleeding, so come see the light  
We are set free  
We are set free  
Now the only chains that hold us, bind us to Thee  
Cause I'm a new slave  
Yes, my name has been changed, I am Yours  
I'm a new slave  
Yes, my name has been changed, I am Yours  
We're not alone  
We're not alone  
There's a crowd, a cloud, a family calling us home  
We are the Bride  
We are the Bride  
He will return to claim us, run down the aisle
