

# Until Tomorrow

Penny & Sparrow

I'm a forever type of person  
You kinda like my courtesy  
You say that I can stay until tomorrow  
Well "one night" is a fine start for me

Honey, you never measured 'round your finger  
And you've never tried on my last name  
But you're saying I can stay until tomorrow  
One evening to make you glad I came

You're used to love that comes with ways of envy  
You've only known the ones who leave at dawn  
A one night stand  
And my slow hand  
Is all it takes

You're used to love that comes with ways of envy  
You've only known the ones who leave at dawn  
And you're saying I can stay until tomorrow  
I bide my time and wait patiently  
So you'll know, I want it all eventually
