# The Western World

**Pennywise**

We are the dregs of the western world
The steroid boys and video girls
We are the viral internet stars
And the anchor man can't stop crying

We are the dead with the dreaded disease
The nuclear sons for you and me
Let's go all right, all right, let's go
What the fuck are you saying?

Now I don't wanna live here anymore
(Gonna watch it burn)
We are the best and we'll fight to the death
There's nothing left worth fighting for
In the western world

This is the end of evolution's rise
The feeding frenzy of the uncivilized
The paparazzi parasites
And the vultures can't stop feeding

This is the face of our vanity
The tabloid death of inhumanity
Let's go all right, all right, let's go
What the fuck are you saying?

Now I don't wanna live here anymore
(Gonna watch it burn)
We take the best and we spit out the rest
And always leave 'em wanting more
In the western world
