

ICN

PENOMEKO

Girl, I can take you to London tonight
If you down for
Everything's good, let me know
If you down for
Can I be your Leonardo?
I'm down for you

Where you dey go, go, go?
You knock me down, let me toc, toc, toc
Filet Mignon and Bordeaux
So tell me now where to go, go, go
She's coming back from Miami
ICN, I'll be on my way
Dressed up like you won a Grammy
I see, I'll be on my way

I don't wanna be out my mind
It's gonna be like a drama
Girl, we gon' find out tonight
What you really wanna try, baby
Every day I'll show you how to love, baby
Better than any other love, baby
We be like ridin' Apollo, baby
I'm so into you, mommy

Shawty, this moment you're stylish
Everything fitted so nicely
Now we don't need no mileage
Tell me where you wanna go, hop on
Your body coco
Headin' to Tokyo, nobody above
Baby, just walk up to me
You got me wanting you easily

Girl, I can take you to London tonight
If you down for
Everything's good, let me know
If you down for
Can I be your Leonardo?
I'm down for you

Girl, I can take you to London tonight
If you down for
Everything's good, let me know
