I was walking
And I just found this rose on the street
If you like it
Take it
I didn't know
You liked pink
But seeing you hold it

It does look good with you
Don't look at me like that
Stop asking me
Where did you learn to smile like that
I feel hot all of a sudden
Heat is rising for some reason

Why do you want me to say the obvious?
Why do you want me to say the obvious?
Why do you keep asking the obvious?
That's how I feel

Why do you want me to say the obvious?
It's written on your face
Why are you getting mad?
You're a critical beauty

Stop trying to find signs of me checking out other girls
Or trying to find the differences
Don't want you to join the others
Who are so obvious
Just want us
To get closer

I feel the high
Like diving into the sky
As if I've always been like that
Giving off a tsundere vibe
I live for you
I'll give you everything
If I'm with you alone
Anywhere we go, it's Hollywood

Somehow this shining thing
Found its way
Into my pocket
I guess you can try putting it on your finger
Oh goosebumps, it fits you perfectly
How come the same ring
Is on my finger?

Don't look at me like that
What are you so curious about
How did your voice become like that?
I feel hot all of a sudden
I'm going crazy because of you

Why do you want me to say the obvious?
Why do you want me to say the obvious?
Why do you keep asking the obvious?
That's how I feel

Why do you want me to say the obvious?
It's written on your face
Why are you getting mad?
You're a critical beauty

It's Yuto
Burn everything up, fire
I lost it all for you
I'm addicted to you
Like a deeply spread virus
Someone save me, I can't hide my growing feelings

That's right, I can't breathe because of you

Don't look at me like that
Stop asking me
Where did you learn to smile like that
I feel hot all of a sudden
Heat is rising for some reason

Why do you want me to say the obvious?
Why do you want me to say the obvious?
Why do you keep asking the obvious?
That's how I feel

Why do you want me to say the obvious?
It's written on your face
Why are you getting mad?
You're a critical beauty
