It's over it's over
Yeah I know you love me you love me you love me
But baby I think it's over it's over it's over
I'm sorry it's over it's over it's over

I think it's over it's over it's over
Yeah it's over it's over it's over
I think we're closer to attachment over love
But is attachment
Also an emotion?
Why else would it stay in our hearts?
Time has clearly passed as much as it could
I passed you, who has been scarred
Walked through times that can't be turned back
Losing everything but that attachment

I don't know why but I've become numb
I should've let go first
I thought it was okay, I thought it wasn't over

I denied it with a scream but

Baby I think it's over it's over it's over
Yeah I know you love me you love me you love me
But baby I think it's over it's over it's over
I'm sorry it's over it's over it's over

I said the things you didn't want to hear
And you're only making that face that can't lie
Looking like you're so frustrated
You asked me hundreds of times
If this is the right thing to do

It's better this way, that this is all there is
That I seemed alright in front of you
I'm letting go of your hands, now it finally hits you
See how I'm already used to this numbness?

I don't know why but I've become numb
I should've let go first
I thought it was okay, I thought it wasn't over
I denied it with a scream but

Baby I think it's over it's over it's over
Yeah I know you love me you love me you love me
But baby I think it's over it's over it's over
I'm sorry it's over it's over it's over

The movie is over, you realized this is real
You looked at me
Then you broke down
You're trying to hold onto anything
As you're forcing yourself to breathe

It's over it's over
Yeah I know you love me you love me you love me
But baby I think it's over it's over it's over
I'm sorry it's over it's over it's over
