Every day and every night
In the passing time
There is one shadow that stops
Where am I looking?
Everything feels so strange
Even myself, that I was so familiar with
Even when the bright morning comes
It doesn't shine on me

I'm letting out a cold breath
In front of the hardships that repeat every day

I don't want meaningless fights
But the more I hold it in, the bigger the thorn gets
I don't want to get caught
So I hide it more but my heart hurts
But all of these little things that happen
They're all the same

Like a flower blooming for the first time
Like a small blade of grass sprouting
I believed in you and go on my way
I hope you'll wait for the real me, like this

I won't cry anymore
Scream it to the world, oh yeah
Even if I fall and my knees bleed
I'll keep running like this

I won't ever stop
For the only light I want
Oh yeah, even if there's a storm
I'll keep running like this

A ball in my head
My dreams won't stop, I'm divin'
I got a trouble trouble oh
A bee on a flower, flying and buzzing
To me, dawn is free
No end to my limit, my depth is endless

Even if I become a withered flower
Fallen and trampled
Protect me so I won't lose that light

Like a flower blooming for the first time
Like a small blade of grass sprouting
I believed in you and go on my way
I hope you'll wait for the real me, like this

I won't cry anymore
Scream it to the world, oh yeah
Even if I fall and my knees bleed
I'll keep running like this

I won't ever stop
For the only light I want
Oh yeah, even if there's a storm
I'll keep running like this

I'm running I'm running baby
Running through an endless tunnel
I see a faint light far away
I'm running I'm running baby
Even if I trip and fall
I will find myself, oh yeah

I won't cry anymore
Scream it to the world, oh yeah
Even if I fall and my knees bleed
I'll keep running like this

I won't ever stop
For the only light I want
Oh yeah, even if there's a storm

I'll keep running like this

Even when I was tired, I ran

Changing what I wanted

Even when people tried to stop me

I just hoped it'll get forgotten

I'll live with no regrets, looking at the sky like this

Spread my wings and fly, now like this
