You got so pretty I can't recognize you
Are you allowed you to be this pretty?
The more I get to know you
The more you make me wanna know you
The love
Yeah I'll show you mine
The temperature's getting hot, time has stopped
Even the trembling of my eyes
Can't get any more perfect than this
Why are you hesitating?

I'll do everything, groove it, let's burn it up all night
There's no emotion, never
Turn off your phone, turn off
The mood is breaking
The real moment starts now, let's get started

Take off your hair tie
Take off your hair tie
Just have fun, yeah
Take off your tight hair tie

The glass has already broken, our breaths are cold
Falling deeper in the music, we're always together
Loosen your tightly wound heart
I'll loosen up and show you everything
Call anyone, they're all the same
Look around, all other girls are miserable

Feel the speed of my heartbeat
Voices getting louder
Can't get any perfect than this
Why are you hesitating?

I'll do everything, groove it, let's burn it up all night
There's no emotion, never
Turn off your phone, turn off
The mood is breaking
The real moment starts now, let's get started

Take off your hair tie
Take off your hair tie
Just have fun, yeah
Take off your tight hair tie

Loosen all ties, I have no perseverance
This isn't a harmful cigarette, can't quit
Our windows are fogged up
Dirty dancing to slow music
I'll give you a feeling you'll never feel again

I'll do everything, groove it, let's burn it up all night
There's no emotion, never
Turn off your phone, turn off
The mood is breaking
The real moment starts now, let's get started

Take off your hair tie
Take off your hair tie

Just have fun, yeah
Take off your tight hair tie
