Runaway

Listen to my voice and follow me  
Slowly hold my hand again  
Everything is new, it's a new day  
As if I'm crazy all day  
Just leave me alone  
You can't stop me  
My height is already 2Chainz

A different weight class from others  
On my knees there's the blood of practice, it flows and hardens  
No pain no gain but  
Nothing to gain, my mic-holding hands  
Reek of steel

I never say give up  
I can't give up  
You can't trap me  
In this frozen world anymore

Runaway  
Run into the fire  
Runaway  
You can't stop me  
Runaway  
Run into the fire fire  
Runaway  
You can't trap me  
Runaway

I'm being colored gray more and more  
With a frustrated heart, I close my eyes again  
Oh yeah  
I want everything to be new  
We will make harmony together  
This is fine so I can't stop

Don't try to understand  
The poetry and music in my head  
Even if my lips wear out and spit dries up  
This drama will keep going  
There's no script to this  
Coming from the bottom to the top isn't everything  
Just feel me, feel alive

I never say give up  
I can't give up  
You can't trap me  
In this frozen world anymore

Runaway  
Run into the fire  
Runaway  
You can't stop me  
Runaway  
Run into the fire fire  
Runaway  
You can't trap me  
Runaway

Save me, take me out  
I'm afraid of what's at the end of this road  
Take me out, please hold me  
In my heart, in your dreams  
Awaken the stars once again, wake up

I'm a player that goes high  
I don't need pressure  
But but even if you block me  
I stand up  
Live, live  
I'm living the life I wanted

When you break down then

You and I become one  
Hoping to overcome everything  
I don't know  
But never mind  
At the end of this road

Runaway  
Run into the fire  
Runaway  
You can't stop me  
Runaway  
Run into the fire fire  
Runaway  
You can't trap me  
Runaway
