?? ? ??? ?? ?? ? you are

In the faded memories  
I left you behind  
I live each day like one year

It's the only gift I can give myself  
I pray, I sing  
You held me with the most beautiful smile  
You are

My hopeful heart  
Is like a flower blossomed in darkness  
I hope I can protect your smile  
I hope you won't let go of my hand

I pray, I sing  
You held me with the most beautiful smile  
You are

I'm following that path, chasing after hope with a fluttering heart  
With you, always with you  
Even if time passes, I hope we'll be together

I pray, I sing  
You held me with the most beautiful smile  
You are

You held me with a bright smile you are
