

## Buzzsaw

Pentagram

Ever get the feelin'  
Couldn't take no more  
All her dirty dealin'  
Not my case I'm sure  
live wire  
electrocute my soul on fire  
love me like a buzz saw  
she gave it to me like I never saw, yeah  
lovely roman candle  
supercharge my brain  
nothin' she can't handle  
plays her own game  
she's a fast pace setter  
love me like a buzz saw  
I got to go get her  
she gave it to me like I never saw  
there was a time, baby when I was young  
I used to see everything, yes I did  
oh, yeah alright  
let's get on out of here (lead break)  
she's a live wire  
electrocute my soul on fire  
you know she love me like  
a buzz saw  
give it to me like  
I never saw  
she's a fast pace setter  
you know I got to go get her - yes I do  
love me like a buzz saw  
she give it to me like  
I never saw before - yeah
