

Bored

Pentatonix

Sing a song for me, baby
In my favorite key
If you're too shy to face me
I'll look down at my feet

While everybody's goin' to the party
Have a real good time
All I wanna do is lay with you
Until the morning light
I'm so infatuated

When we are, when we are
Side by side, I don't need my vices
When we are, when we are
No one else can touch the sky that are highest
We are, when we are
So in sync, you'd think we were psychic
And I don't need anything more
I just wanna be bored with you

Woah, oh, oh
Woah, oh, oh
Woah, oh, oh

We'll dance at 3 in the mornin'
Until you're red in your face
And when everyone's callin' (When everyone's callin')
Can we pretend we're not awake?

While everybody's goin' to the party
Have a real good time
All I wanna do is lay with you
Until the morning light
I'm so infatuated

When we are, when we are
Side by side, I don't need my vices
When we are, when we are
No one else can touch the sky that are highest
We are, when we are
So in sync, you'd think we were psychic
And I don't need anything more
I just wanna be bored with you

Woah, oh, oh (With you)
Woah, oh, oh (With you)
Woah, oh, oh
I just wanna be bored with you
Woah, oh, oh (With you)
Woah, oh, oh (With you)
Woah, oh, oh
La-la-la-la-la-la-la, la

When we are, when we are
Side by side, I don't need my vices
When we are, when we are
No one else can touch the sky that are highest

We are, when we are
So in sync, you'd think we were psychic
And I don't need anything more
I just wanna be bored with you

I just, I just (Woah, oh, oh)
I just, bored (Woah, oh, oh)
I just, I just, I just (Woah, oh, oh)
Just wanna be bored with you
I just, I just, I just (Woah, oh, oh)
Oh, bored (Woah, oh, oh)
I just, I just (Woah, oh, oh)
Just wanna be bored with you
