

## Can't Help Falling in Love

Pentatonix

Wise men say only fools rush in  
But I can't help falling in love with you  
Shall I stay  
Would it be a sin?  
If I can't help falling in love with you

Like a river flows surely to the sea  
Darling so it goes  
Some things are meant to be  
Take my hand, take my whole life too  
But I can't help falling in love with you

Like a river flows surely to the sea  
Darling so it goes  
Some things are meant to be  
Take my hand, take my whole life too  
For I can't help falling in love with you

But I can't help falling in love with you
