Pentatonix

She said why you gotta
Buy me something to show me you love me?
When did we start expressing our feelings with money?
I mean who don't like nice things but you know what I mean
Yeah you know what I mean, don't ya?
I wouldn't be here if the tap stopped running, mmh

She said I don't need grand gestures, no
Bouquet of roses, private jet moments
Burberry or a Bentley, no
Just sugar in my tea will do

I feel expensive
Ooh when you pay me in attention
When touching my soul is your obsession
Makes me feel, makes me feel
Expensive
Oh when you pay me in attention
Touching my soul is your ascension
Makes me feel, makes me feel

She said why you gotta
Let your wallet do all of the talking?
When did we let money speaking for love become common?
I mean who don't like nice things but you know what I mean
Yeah you know what I mean, don't ya?
[?] nothing

She said I don't need grand gestures, no
Bouquet of roses, private jet moments
Burberry or a Bentley, no
Just sugar in my tea will do

I feel expensive
Ooh when you pay me in attention
When touching my soul is your obsession
