

Roof is falling
Let me love without ever letting you know

Gold up in my—gold up in my teeth
Don't care what you say to me
I'mma bite your feelings out
I missed you in the basement
Gold up, gold up in my teeth, oh
But your brother was a good substitute for you

And if you love me, love me
But you never let me go
When the roof was on fire,
You never let me know
Say, you're sorry honey,
But you never really show you're sorry
And I could leave the party
Without ever letting you know
Without ever letting you know

Roof is falling
Let me love
Falling I just know
Roof is falling.
Let me love without ever letting you know
Roof is falling.
Let me love
Falling I just know
Without ever letting you know

Gold up, gold up in my teeth
Taste like money when I speak.
Yeah, when I speak
And I missed you in the basement
Gold up in my—gold up in my—
I've got these bodies on the pavement

And if you love me, love me
But you never let me go
The roof was on fire,
You never let me know
Say, you're sorry honey,
But you never really show you're sorry
And I could leave the party
Without ever letting you know
Without ever letting you know

Roof is falling.
Let me love
Falling I just know
Roof is falling.
Let me love without ever letting you know
Roof is falling.
Let me love
Falling I just know
Without ever letting you know

Roof is falling.
Let me love
Falling I just know
Roof is falling.
Let me love without ever letting you know
Roof is falling.
Let me love
Falling I just know
Without ever letting you know
