

# Hit Medley: Pharrell Williams / Miley Cyrus / Coldplay / Justin Timberlake

Pentatonix

Who you are, where you're from  
What you do  
As long as you love me [2x]  
Here we go!

I got a feelin'  
That tonight's gonna be a good night  
That tonight's gonna be a good night  
That tonight's gonna be a good, good night  
I know that we'll have a ball  
If we get down and go out and just lose it all  
I feel stressed out and I wanna let it go  
Let's go way out spaced out and losing all control

I used to rule the world  
Seas would rise when I gave the word  
But in the morning I sleep alone  
Sweep the streets I used to own  
I hear Jerusalem bells are ringing  
Roman Cavalry choirs are singing  
Be my mirror, my sword, my shield  
My missionaries in a foreign field  
For some reason I can't explain  
I know Saint Peter won't call my name  
Never an honest word  
But that was when I ruled the world

(Oh...hey)  
It might seem crazy what I'm 'bout to say  
Sunshine she's here you can take a break  
Hot air balloon that we can go to space  
With the air like I don't care baby by the way  
(Because I'm happy)  
Clap along if you feel like a room without a roof  
(Because I'm happy)  
Clap along if you feel like happiness is the you  
(Because I'm happy)  
Clap along if you know what happiness is to you (Happy)  
Clap along if you feel like that's what you wanna do

We clawed, we chained  
Our hearts in vain  
We jumped, never asking why  
We kissed, I fell under your spell  
In love no one could deny  
Don't you ever say  
"I just walked away, I will always want you"  
I came in like a wrecking ball  
I never hit so hard in love  
All I wanted was to break your walls  
All you ever did was, wre-e-eck me  
Yeah you, you wre-e-eck

I don't wanna lose you now  
I'm lookin' right at the other half of me  
The vacancy that sat in my heart  
Is a space that now you hold

Show me how to fight for now  
And I'll tell you, baby, it was easy  
Comin' back here to you once I figured it out  
You were right here all along  
It's like you're my mirror
