We hope you enjoy your flight

I know this sounds crazy, we just met tonight
You got that something, it just feels right
I know this sounds scary, don't be afraid
Don't pack your bag, let's get on a plane
Finish your drink, I'm callin' a cab
Give me your cares, let's take what we have

Let's leave behind everything we know
Wanna see your eyes on the neon glow
Let's leave behind everything we know
You and me, let's go
Midnight in Tokyo

Tokyo, oh-oh-oh, oh-oh-oh
Tokyo, oh-oh-oh
Midnight in Tokyo
Tokyo, oh-oh-oh, oh-oh-oh
Tokyo, oh-oh-oh
Midnight in Tokyo

We write our own story
We make it up as we go
We shoot our own movie
Stars of our show, oh
It's gettin' weird in Harajuku
The bars and hotels
Those nights in Shibuya, our secrets to tell
Finish your drink, I'm callin' a cab
Give me a kiss, let's take what we have

Let's leave behind everything we know

Wanna see your eyes on the neon glow
Let's leave behind everything we know
You and me, let's go
Midnight in Tokyo

Tokyo, oh-oh-oh, oh-oh-oh
Tokyo, oh-oh-oh
Midnight in Tokyo
Tokyo, oh-oh-oh, oh-oh-oh
Tokyo, oh-oh-oh
Midnight in Tokyo
