

Petals

Pentatonix

Everybody needs somebody right now
(Right, true)
Ain't I lucky I've found you somehow?
(Right, true)

Don't look back
Say you will
Heart attack
Give me chills
Ooh, ooh
Cadillac in the hills
Diamond black
Drink your fill
Ooh, ooh

Blue petals on the ground
On sunset right around
Loving you so right
Loving you so true
Every night is a honeymoon
Blue petals on the ground
On sunset right around
Loving you so right
Loving you so true
Every night is a honeymoon
Blue petals on the ground
On sunset right around
Loving you so right
Loving you so true
Every night is a honeymoon

Did me darling slow dancing to Whitney
(Right, true)
We still got it February 15th
(Right, true)

Don't look back
Say you will
Heart attack
Give me chills
Ooh, ooh
Cadillac in the hills

Diamond black
Drink your fill
Ooh, ooh

Blue petals on the ground
On sunset right around
Loving you so right
Loving you so true
Every night is a honeymoon
Blue petals on the ground
On sunset right around
Loving you so right
Loving you so true
Every night is a honeymoon

Blue petals on the ground

Take my trust
Baby run with it
Take my devotion to another level, baby
Was made for us
And I'm on my knees, I, I
I do
(True)

Blue petals on the ground
On sunset right around
Loving you so right
Loving you so true
Every night is a honeymoon
Blue petals on the ground
On sunset right around
Loving you so right
Loving you so true
Every night is a honeymoon
Blue petals on the ground
On sunset right around

Loving you so right
Loving you so true
Every night is a honeymoon
