

Please Santa Please

Pentatonix

The snow is fallin
The fire's warm
The bells are callin
Think I know what for
It's the perfect scene
A feeling so evergreen

A special someone
Is on the way
To meet me here
At half past eight
Is it the twinkly lights
Or the stars in my eyes

Don't keep me waiting
Cause I can't be patient anymore
I've hung my stocking
And my baby's knocking at my door
I'm begging you

Please Santa please
Make my dreams
Underneath the tree come true
Don't go makin my Christmas blue
Cause there's only one wish
On my list
It's a kiss underneath the mistletoe
Oooh
So won't you make my holiday
Santa I don't wanna wait til next year
Please Santa please

With two hot chocolates
And rosy cheeks
I'm wearing my heart
On my sleeve
The magic is all around
Like a movie from Tinseltown

We're gettin' closer
And my feet are floating off the floor
We're all alone
And it's the moment I've been waiting for
I'm begging you

Please Santa please
Make my dreams
Underneath the tree come true
Don't go makin my Christmas blue
Cause there's only one wish
On my list
It's a kiss underneath the mistletoe
Oooh
So won't you make my holiday
Santa I don't wanna wait til next year
Please Santa please

The mood is right
I don't need presents
Just one kiss
And I'll be in heaven
So if you're listening
There's only one thing that I'm missing

Please Santa please
Make my dreams
Underneath the tree come true
Don't go makin my Christmas blue
Cause there's only one wish
On my list
It's a kiss underneath the mistletoe
Oooh
So won't you make my holiday
Santa I don't wanna wait til next year
Please Santa please

So won't you make my holiday
Santa I don't wanna wait til next year
