

# We Are Ninjas

Pentatonix

We are ninjas, we are turtles  
We will save the day  
We are someday gonna be the  
One to lead the way

Oh, break out of you shell and let's go  
Break out of you shell and let's go

Rising up like steam from sewer cap  
So mean so green, you better watch your back  
Slow and steady doesn't win the race  
So quick so slick the thrill of it

The time has finally come for us to be the greatest  
'Cause heroes aren't born, they're created  
Long before our days begins  
What every hero needs  
Is a big O greasy pizza

Now give me that extra large P  
Some pepperoni with the parmesan cheese  
Anchovies make a de-li-very  
For everybody come, we're hungry, hey, we're hungry

Donatello needs a masterpiece of pizza  
Fueling up the four shredder tries to beat ya  
Splinter teach us how to bring the thunder  
Kowabunga, here we go c'mon

We are ninjas, we are turtles  
We will save the day  
We are someday gonna be the  
One to lead the way

Oh, break out of you shell and let's go  
Break out of you shell and let's go
