

# Cursed Destiny

Penumbra

Two worlds are within me  
They live together just as one  
Giving the feeling of existing  
And the means of ruling

I despise them both  
Refusing to belong to something  
As a dying slave  
I have been reduced to nothing

Why do I still believe in this love?  
This pathetic silly love  
Selfish, coward and pitiless  
This I've been

I believe in this love  
Stronger by your treachery  
Coward and pitiless  
This is who I used to be

I feel human  
Can't this love defeat you  
You rule this world  
And you pretend to set your people free

Leave me  
Release me  
Let me  
Blossom for eternity

I'll show you the way  
To free your soul  
From these idols

Shall I reveal the truth  
Or leave them in ignorance  
These puppets want to be like you  
And decide on their destiny  
I despise them both  
Refusing to belong to something  
As a dying slave  
I have been reduced to nothing

Your empire is but a shroud  
By pure appearance  
So deadly in the end  
So morbid  
So devastating

I believe in this love  
Stronger by your treachery  
Coward and pitiless  
This is who I used to be
