

# Brand New Day

Pepper

Nothing like a brand new day  
Takes my mind off of yesterday  
Nothing like a brand new day

Good morning my son  
Your light brings the dawn  
Out of the dark and cold of night  
Today is looking brighter

We live and we learn  
We build and we burn  
Sometimes the lesson knocks you down  
Falling to the ground  
On dirt  
I won't be going under  
Dirt  
Watch me recover  
Crazy little ride  
To the other side

If I can make it  
No one can take it  
This life  
Sweet life  
Can you taste it

Nothing like a brand new day  
It gets my mind off of yesterday  
When I thought that  
I lost it but wait I got it  
Tomorrow's on the way  
Another chance to find it  
If I can just make it through the night

Nothing like a brand new day  
It gets my mind off of yesterday

A problem comes along  
Exploding like a bomb  
It happens to everyone  
There's no exceptions, none  
When everything goes wrong  
Don't worry, it moves on  
It happens to everyone  
There's no exceptions, none

Hurt  
We all going to feel  
Hurt  
That time is going to heal  
Crazy little ride  
To the other side

Cause if you can make it  
No one can take it  
This life  
Sweet life

Can you taste it

Nothing like a brand new day  
It takes my mind off of yesterday  
When I thought that  
I lost it but wait I got it  
Tomorrow's on the way  
Another chance to find it  
If I can just make it through the night  
Nothing like a brand new day

Last night it got so cold  
And too dark for me to see  
So now I'm waiting for the sun by the ocean  
To light up my way  
To everything

Nothing like a brand new day  
It takes my mind off of yesterday  
When I thought that  
I lost it but wait I found it  
Tomorrow's on the way  
Another chance to find it  
If I can just make it through the night  
Nothing like a brand new day

Nothing like a brand new day

Nothing like a brand new day
