

## D-425

Pepper

Standing with the ghosts as I wait  
On this four floor elevator  
But I've been singing away  
All my tears, you forgot to say  
But iiieee will be okay

The people on the fridge still shakein'  
I used to rock the D-425  
While the resin dried my gems  
Which incomplete it ain't  
His eye just walk away

Skirrrrpaparrara
